Dear <Name>

This letter contains important information about your **premium rate change effective January 1, 2024** and **how to renew your ACHIA coverage or purchase new coverage for 2024**.

You can keep your ACHIA coverage or purchase new coverage either through the Marketplace or directly from an insurance company. ACHIA premiums may continue to be higher than premiums in the market so we strongly encourage you to look at your options. Please read this information carefully and contact us at 1-888-290-0616 if you have any questions or need assistance.

2024 ACHIA Premium Rates

Your ACHIA monthly premium rate is changing effective January 1, 2024. By law, we are required to base our rates on what other carriers in the state charge for similar benefits. Please consult the enclosed rate chart and your corresponding age to confirm your new rate.

Coverage Options for 2024

Several key provisions of the health reform law went into effect on January 1, 2014 that changed health coverage for individuals and families. These changes provide ACHIA enrollees with additional options for coverage since insurance companies are no longer able to deny coverage or charge more just because you have a pre-existing condition.

Here are some important things to know about these changes and your 2024 coverage options:

- **You can keep your ACHIA coverage or buy new coverage.**

- **You may purchase new coverage through the Marketplace - or directly from an insurance company.**
 - You can't be turned down or charged more because you have a pre-existing condition.
 - New coverage may only be purchased during defined open enrollment periods. The open enrollment period for 2024 ACHIA coverage is November 1, 2023 – December 15, 2022. The open enrollment period through the Marketplace is November 1, 2023 – December 15, 2023.
 - You may find new coverage that meets your needs at a lower cost than ACHIA. These savings may be even greater if you qualify for federal tax credits available for coverage purchased through the Marketplace.

- **Federal tax credits are only available for coverage purchased through the Marketplace.**
 - Tax credits are not available for ACHIA coverage or coverage purchased directly from an insurance company – they are only available for coverage purchased through the Marketplace and then only if you are qualified.

How to Renew Your ACHIA Coverage or Buy New Coverage for 2024

Should I change my plan to a higher/lower deductible?

- What will I save in premium payments if I increase my deductible?
- How much will the premium increase if I decrease my deductible?
- Based on my financial situation would it be beneficial to change to a lower/higher deductible?

These are just a few questions you should consider before making a change to your plan. To assist you in determining your change in premium, please use the outline below:

2024 Premium for current plan - _____

2024 Premium for increased/decreased deductible plan - (+/-) _____

Premium savings or extra cost- _____

When comparing plans, you need to consider not only the change in premium but also your liability for the out of pocket expenses for deductible and coinsurance. Your premium may be lower if you change to a higher deductible plan, but you will have an increase in out of pocket expenses and vice versa.

Please keep in mind that the decision to change to a different plan should be based upon your circumstances including past claims use as well as your anticipated future health needs. You may find it beneficial to contact your accountant or financial planner if you have specific questions regarding your personal financial situation.

Please call and speak with an ACHIA customer service representative 1-888-290-0616 with any questions you may have.
